1. Introduction

The World Games (TWG) is an international sports competition organized by the International World Games Association (IWGA). It was first held in 1981 and takes place every four years, featuring primarily non-Olympic sports. The World Games represent the highest level of international multi-sport events for non-Olympic sports. They complement and promote each other with the Olympic Games, collectively working towards the development of sports and the dissemination of the Olympic spirit on a global scale.

As the first city in mainland China to host The World Games, Chengdu aims to organize the edition of the 12th World Games in 2025 as an environmentally friendly, safe, and sustainable event. The goal is to ensure the success of the Games, promote the development and popularization of The World Game events, and collaboratively create a sustainable legacy for The World Games.

The emblem, slogan, and mascot of The World Games serve as crucial carriers for the brand image of the event, shaping the landscape of the competition and contributing to the city’s overall image. To ensure they manifest various elements such as global, ethnic, artistic, and innovative aspects, TWG 2025 Chengdu Preparatory Taskforce (hereinafter referred to as TWG Preparatory Taskforce) initiated a global solicitation on December 28, 2023 (hereinafter referred to as the "current solicitation activity"). This activity aims to collect design proposals (hereinafter referred to as "design proposals") for the emblem, slogan, and mascot of the 12th World Games, scheduled for 2025.
